Year 3 and 4 Visit to the
Otterden Estate,
Faversham

**Wednesday 13th to
Friday 15th June**
Year 6 Residential Trip to
Kingswood

Early Years Enjoying the Outdoor Area

Good luck Ben !

We would like to wish **Ben** in year 5 all the very best on his debut next week for the Central Cavaliers Cricket Squad. The Central Cavaliers is the district Cricket squad selected from players in the Medway, Maidstone and Swale area. Ben has done very well to be selected to be part of the U11 squad and we are all very proud.

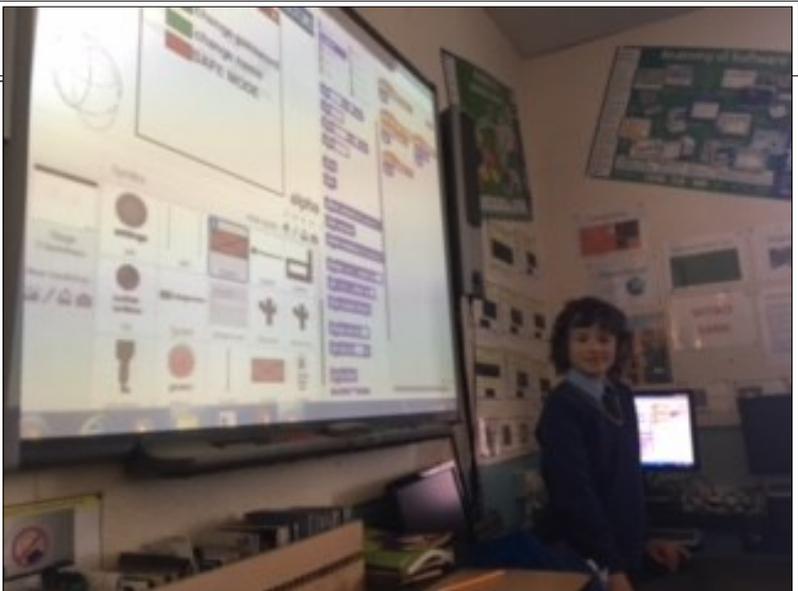

We are always interested in hearing news of our current and past pupils news and achievements. If you have any thing you would like us to publish in our newsletter please email office@bryonyschool.org.uk

Many thanks **Mrs S Twigg**

Creative Computing

In Year 6, the development of Computing is huge, with a few children even overtaking myself with their fantastic knowledge! One of these children is **Alexander (6W)** whose enthusiastic mind has led him to explore our Computing programme, Scratch, further outside of school! Alex always contributes thoroughly within these lessons and I know the children are truly grateful for all the support he gives them when using this programme. In our final lesson of exploring Scratch for the term, Alex bought in a USB stick to share his extra curricula work... we were all amazed! He shared a programme he had coded himself which enabled the children to type in a name which would

automatically be read out by the computer in Alex's voice! Furthermore, his programme had a selection of Apps that he had created including games! The scripts were astounding and demonstrated how hard Alex is working both in and outside of school to continue his Computing learning! 6W gave Alex a huge applause and asked frequently...how?! "How did you do that, Alex?!" Well done to **Alex** for all your hard work and thank you for being such a fabulous role model for the school. **Mrs Platford**

Former Pupil News

We are very pleased to report that former pupil **Kieran** has recently signed with Tottenham Hotspur Youth Football Squad for another 2 years. Kieran played football throughout his 8 years at Bryony and we couldn't be more proud. Well done Kieran!

Learning about Fireworks!

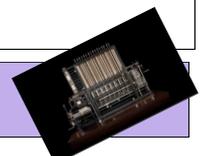

Year 6 took part in a Science lesson in the Laboratory at the Howard School. The children learnt about the different colours of fireworks using Bunsen burners and metal salts. It was a great afternoon and we would like to thank the Howard School for giving us this opportunity. **Mrs Ware**

After School Clubs.....

Please see ParentMail invitations to the After school activities in June and July which include Razzamatatz, Tennis, Gardening, Rounders, Multi Sports and Athletics. Remember prompt response and payment is necessary to secure your child's

Please see our next weekly newsletter with photos of the Year 6 Open Afternoon and Year 6 Production of 'The Birth of Computers'

Assembly at the Infants - Year 1

The children in Year 1 put on an informative and exciting assembly about the 7 Continents of the World. The two classes took the infant school on a whistle stop tour around the World sharing their interesting facts and art work related to each continent. **Tyler, Bertie** and **Mrs Smith** brought in some objects from Australia (Koala Bear), North America (dream catcher and necklace) and Africa (African masks) to share with the children. Year 1 particularly enjoyed showing their North American Totem poles which was our 'big art' project created this week. However the highlight of the assembly was when the children performed a dance to 'I just can't wait to be King' from the Lion King, wearing the African Lion masks that they had made. Year 1 has worked incredibly hard this term and has produced fantastic pieces of work. A big Well done to all of you! **Mrs Dyne and Miss Hills**

Wonderful Wedding Codes

To celebrate the Royal wedding further, I set 6W a mathematical challenge! Each child was provided with a selection of number sentences and mathematical problems to solve which included fraction work, square root work and BODMAS work. Accurately, the children had to solve the number sentences to gain an answer...this answer then matched up to a letter provided at the start of the lesson. Therefore, as the children solved the mathematical problems, they were also cracking a code! These codes were a variety of words linked to the Royal wedding! But the most interesting of them all for the Year 6 was discovering Prince Harry's full name in code...Henry Charles Albert David Mountbatten-Windsor! Most declared, "What a mouth full!" Well done to all of 6W for their brilliant enthusiasm!

Mrs Platford

Sensational Wedding Seating Plan

For all of those unaware, 5P were cordially invited to the wedding reception of Prince Harry and Meghan Markle! With a small change...they had new titles! There was Priya Princess, Wendall Westminster, Jessica Jewellery, Jenny Joyous, Sarah Sandringham, Marcus Matrimony, Serena Sovereign, Roland Royalty, Abigail Aristocracy and Patrick Palace, all invited to celebrate the occasion! Unfortunately, when they arrived, the seating plan had gone missing! It was down to these brand new characters that 5P were given to use the clues of direction to place each character accurately around the dinner table. Using vital communication and team skills, the members of 5P worked fantastically together to finally be able to sit in the appropriate places! I believe all members of the group thoroughly enjoyed the wedding dinner! Huge congratulations to 5P for developing their communication skills, team building skills and systematic working!

Mrs Platford

Author Visit to Years 5 & 6

FoBS Summer Fete News.....

We are very excited to confirm that **Circus Sensible** will be at our Summer Fete on Sunday 10th June. You can read reviews of this 5 star entertainment by following the link to their Facebook page. <https://en-gb.facebook.com/circussensible/>

FoBs are holding a 'Tag Day' (Wear your own Clothes) to school day on Friday 8th June. We ask for a voluntary donation to the forthcoming Fete please e.g. tombola prize. Further details to follow.

Author Beverly Birch visited the school to give a fascinating talk about her retelling of the classic story of Frankenstein. Beverly is the author of over 40 books, all of which have received critical acclaim.

The children were able to buy a signed copy.

Year 1 Visit to Wingham Wildlife Park

On Tuesday 22nd May the children in Year 1 went on a trip to Wingham Wildlife Park. The classes have been working hard in their Topic and Science work learning about different types of animals and the continents that they are from. We all had a great time. It was lovely to see all the animals that we had been learning about. Year One came back eager to write about their day out. Here are some snippets from their recounts from our day. We would like to say a big thank you to Mr Woods and Miss Paterson who came along to help us.
Mrs Dyne, Miss Hills and Mrs Smith

Ernie - "There were 3 wolves, one of the wolves woke up!"

Luke - "We saw Lemurs that crawled on a man"

Maria - "Beautiful butterflies".

Jadesola - "We held a bearded dragon, it had scales"

Caitlin - "We had so much fun at Wingham Wildlife Park"

Tyler - "My favourite part was holding the snake and the dinosaurs"

Jamie - "We went in the bat cave and saw the Egyptian fruit bats"

Jude - "We saw the chimpanzees, they were hyper"

Deborah - "We saw a baby monkey, he was super-duper cute, he also was making a cute noise and has a little smile"

Alfie - "I liked the Chimps fighting. They were going crazy."

Katie - "The lady brought a tarantula skin out and you were not allowed to touch it"

Nozithelo - "We went to see the birds, one of their wings touched mine and Mrs Dyne's head!"

George - "We saw the penguins being fed".

Bertie - " We touched a corn snake".

Amrik - "We went in some animal enclosures"

Kian - "The lions were roaring, they were roaring louder and louder"
