Thumbs Up!

Our pre-school children have been learning how to throw and catch a ball this week with great success while enjoying the outdoor area.

HAPPY ROALD DAHL DAY!

The children in Year 2 have had an excellent week learning all about the fantastic author Roald Dahl.

The children put on an assembly this morning, all about the author's life and shared some of their craft that they created on Wednesday afternoon. On Thursday morning, the children came into their classes to discover some marvellous medicines had been left from George. He wanted to know what adventures the boys and girls would go on if they made a magic potion of their own!

Everyone created some wonderfully imaginative stories which they edited and wrote onto potion bottles.

Mrs Dyne & Mrs Paice

World Pentathlon Championships Budapest

We are extremely proud of one of our mums and friend of Bryony school volunteer, **Mrs Bucknell**, who represented GB at this summer's World Laser Run and World Pentathlon Championships in Budapest. Mrs Bucknell achieved the Bronze medal!

What a fantastic achievement. Well done!

Woodland Wonders for Reception

The Reception children enjoyed a walk to the local woods today. They spent the morning exploring and discovering.

The children had an amazing and exciting adventure while learning about the surrounding nature. Mrs Oliver, Mrs White and Mrs Robinson.

ROALD DAHL DAY 2019

#roalddahlday

To recognise Roald Dahl Day this afternoon, Years 1 and 2 came together in the hall to work collaboratively to create two exciting displays for our hall.

We decided to choose *The B.F.G* and *Charlie and the Chocolate Factory*. The children had the chance to design their own chocolate bars and make their own dream jars, writing down dreams and wishes that they wanted to keep.

We will put a photo up of the final displays once they are finished! It is safe to say that the children have had a fun and exciting week learning about such a well loved author.

We used a range of materials to decorate the jars, including glitter and sequins. We then got hands on with cotton wool, pipe cleaners and lolly sticks to make candy floss and lollipops to put in our own chocolate factory.
