Electrical Circuits

Year 4 have been very busy learning about electricity.

They have made their own electrical circuits and worked hard to discover which circuits did or did not work.

They have also tested different materials to find out which are insulators and which are good conductors of electricity.

The children have also been making different switches to turn their circuit on and off.

KS1 Art

Over the last couple of weeks Years 1 and 2 have enjoyed using a range of different materials to design and create their own Caribbean Island.

This week the children completed their pirate treasure maps. They look fantastic with the tea and coffee stained paper.

The children enjoyed scrunching and ripping the paper to make them look more authentic!

Art & Mindfulness

The children have really enjoyed the Junior Art & Mindfulness lunchtime club.

The activities this term have included: Nature; Weaves; Cup painting; Canvas painting; Bracelet making; Pebble painting; and Paintscapes.

You can see from the photos what an interesting and varied club it has been and due to the success I will be continuing with the club in September.
